

## Veterans Quilt Pattern

We would like to invite you talented quilters to make a quilt or a few squares to combine with others for our Veterans' project this month. You may also decide to dig out some of those extra squares from your stash to donate!

Pinwheels, as seen in photos:

You need 24 dark and 24 light 2 1/2 " strips.

Sew light and dark strips together.

Sub-cut each set into 8 each 4.5" pieces. Using 4 identical pieces, sew together in drawing below.

One dark fabric for centers and one light for background; OR for scrappy quilts, a variety of dark and light fabrics.

Sew the 8 1/2" squares together, 8 rows of 6 will create a 48x64 quilt. You may add borders if you want to make your quilt larger.

Be careful to always keep the pinwheel spinning in the same direction!
